To Whom it may Concern,

Dear Sir/Madam,

1. I am Peter Boel, Managing Editor with New In Chess and in charge of the Yearbooks produced by this international chessbook publisher. I am an international chess organizer since 1995 and have been a press officer at many tournaments including Dutch Championships. My current rating is 2170, I am a FIDE master.
2. For several years New In Chess has worked with grandmaster Dejan Antic. GM Antic has written a number of opening articles for our Yearbooks. In 2012 New In Chess published the book *The Modern French*, written by Dejan Antic and Branimir Maksimovic.
3. Throughout these years we have come to know Dejan Antic as a faithful and conscientious author who has many creative ideas of his own. Our collaboration has always been to our mutual satisfaction and we trust it will remain so.
4. GM Antic is a strong grandmaster, who has a good reputation in Serbia and, indeed, the rest of the world, as an outstanding chess theoretician and coach. I believe he has made and will continue to make great contributions to international chess life and culture.

Your Sincerely,

  
Peter Boel
